- Capability of working efficiently under aggressive deadlines

WORK EXPERIENCE

GE - GENERAL ELECTRIC **(Jan 2017 - Present)**

- Established strong relationship with TPMs/UX team to understand the customers, business processes via Functional walkthrough sessions and Backlog grooming sessions
- Designed the UI level architecture of the application
- Developed Dynamic loading of the UI components based on different criteria and hence reducing the amount of redundant code
- Made the components customizable for different needs in the application
- Mentored juniors to develop and implement the best practices and ensured adherence to prescribed UX/UI guidelines, consistency in design across the application

PHILIPS (Client location) **(Jan 2016 - Aug 2016)**

- Involved in developing a web application using Angular 1.
- Have integrated Solr search into the application.
- Integrated the web application within Sisense - a BI tool.

ACCENTURE **(Jan 2013 - Jan 2017)**

- Actively involved in developing mobile applications with Appcelerator and Ionic frameworks.
- Worked on a chat-bot application with Angular 1 and integrated it with firebase - a realtime database.
